Students are expected to practice 20 – 30 minutes each day at home. This isn't always possible. Sometimes students might practice more on one day and not at all on another. The BEST routine is to play at least a little on each of the assigned five areas EVERY day. Write the date under each day, along with the number of minutes you practiced outside of band rehearsal. Also check the different areas that you covered when practicing. So the grading policy for Daily Five Home Practice Chart is as follows:

Each Daily five Home Practice Chart is worth up to 10 points toward the Quarterly grade in band. Add up the total minutes and check marks for the week to see how many points you have earned:

100 + minutes/checks = 10 points

90 – 99 minutes/checks = 9 points

80 – 89 minutes/checks = 8 points

70 – 79 minutes/checks = 7 points

60 – 69 minutes/checks = 6 points

etc. you get the idea

(Practice charts are due MONDAYS (or the first day of the school week) for full credit and lose 1 point for each day late.)
